

PART 42

DRMS 52.242-9R01 RESERVED

**DRMS 52.242-9R02 ADMINISTRATIVE CONTRACTING OFFICER (ACO) FUNCTIONS -
PRECIOUS METALS RECOVERY CONTRACTS (DEC 1995)**

(a) The Government will appoint an Administrative Contracting Officer (ACO) to administer this contract. The name of the ACO will be provided to the contractor at the post award orientation conference. The ACO, the ACO designee, or other authorized Government representative has every right to monitor the contractor during the performance of this contract.

(b) This monitoring includes, but is not limited to, inspection of the facilities as well as the following recommended areas:

- o Certify receipt of property as to gross weight of each pallet and pallet count
- o Certify truck and trailer license and identification numbers
- o Verify material loading for recovery process start up cycle
- o Monitor the recovery cycle
- o Verify weighing and removal of any dried or in-process material prior to final furnace reduction to the homogeneous state for assay
- o Witness the net weighing of GFM/GFP for contractor payment
- o Take custody of Government samples
- o Monitor contractor performance
- o Verify and ensure safety and security of the area in which property is stored
- o Verify security and integrity of poured bars assayed material until release is authorized by the CO
- o Place any seals necessary
- o Any other duties necessary to verify the audit trail and accountability of the Government material during the processing cycle.

[End]
